Per Nevada law, HDM Capital will record and retain a recording confirming your identity, the property for which the solar project will be installed, and that you understand this agreement. Installation cannot commence before this recording is complete and before you confirm that no representations, offers or promises were made at any time concerning your solar and/or battery system other than what is contained in the agreement.

Key Terms of Your Agreement

Upfront Payments:

Amount owed upon signing of the agreement: \$0

Amount owed upon commencement of installation: \$ \$21,945.00

Rate per kWh: You will prepay a rate of **\$0.178** per kilowatt-hour of electric energy during the Initial Term of this Agreement.

Monthly Payments; Escalator: \$0.00 / 0.0%

Administration Fee: An annual administration fee is required under this Agreement. The first six years of the administration fee are included as part of the Prepayment Amount. If you do not elect to purchase the Solar System pursuant to Section 10(a)(i), an annual administration fee will be billed to you on first day of the month following the Sixth Anniversary and for each 12-month period thereafter. The initial fee will be determined by multiplying the size of the Solar System measured in kW DC by \$48.00. Estimated Production: We estimate that the Solar System will be capable of generating **6,600** kilowatt-hours of electric energy during its first year of operation. Actual production may vary due to natural variation in weather patterns, the physical specifications of the Property's roof(s), the required placement of the Solar System, and other conditions.

You will always receive a power bill if you are connected to the power grid. HDM does not guarantee savings on the electricity payments and will not provide a written cost savings estimate to you. Any changes in consumption will impact estimated offset, or savings, in relation to the production.

1. Introduction

You are entering into this Solar Power Service agreement ("Agreement") with HDM Capital, LLC together with its successors and assigns, ("HDM"). You represent that you are at least eighteen (18) years of age, that you are the owner of the property located at 3283 Vasco Fls Ave, Henderson, NV, 89044 ("Property"), and that your current utility is NV Energy. You further represent that every person or entity with an ownership interest in the Property has agreed to be bound by this Agreement and is listed on the signature page of this Agreement.

You may contact HDM by e-mail at customerservice@hdmcap.com or by telephone at 1-800-836-5954. HDM will arrange for the design, permitting, construction, installation, testing, and activation of a solar photovoltaic system ("Solar System") to be located on the roof of your Property and/or grounds of the Property.

You agree to allow HDM and/or its contractors to install and maintain the Solar System on the grounds and/or roof of the Property at a specific location to be approved by HDM. During the Term, HDM agrees to provide you electric energy from the Solar System under the terms and conditions contained in this Agreement and you agree to purchase all electric energy generated by the Solar System at the price and on the terms specified in this Agreement.

You agree that prior to entering into this Agreement you received, read, and understood the disclosure documents required by law and by industry best practice incorporated into this Agreement. For more information about residential solar please consult the Solar Energy Industries Association's Solar Consumer Resource Portal at <https://www.seia.org/research-resources/residential-consumer-guide-solar-power> before signing this Agreement.

2. Solar System

- (a) Once installed, HDM will operate, maintain and monitor the Solar System to generate electric energy in accordance with prudent utility practices for use at the Property ("HDM's Obligations") in accordance with the terms and conditions of this Agreement.
- (b) You acknowledge and agree that:
 - (i) Unless the Solar System is purchased pursuant to Section 10 hereof, HDM will own the Solar System and you will have no ownership interest in the Solar System.
 - (ii) The Solar System will not be subject to any lien, security interest, claim, mortgage or deed of trust that may be imposed on or assessed against your interest in the Property, or any other property belonging to you. You will have no right to sell, give away, transfer, pledge, remove, relocate, alter, disconnect or tamper with the Solar System at any time as long as this Agreement remains in effect, even if HDM is in default of its obligations under this Agreement. As such, HDM will not apply a lien to your title for the Property. HDM will file a UCC-1, which confirms its ownership of the Solar System, and a Notice of an Independent Solar Energy Producer Contract that is required by Nevada law.
 - (iii) You agree to pay any applicable taxes related to this Agreement, including general excise or sales tax, provided, however, that HDM shall be responsible for tax on income it receives under this Agreement. If you exercise your purchase option rights of this Agreement, then you agree to pay any applicable tax, including transfer and property taxes, on the purchase price for the Solar System. You also agree to pay as invoiced any applicable personal property taxes on the Solar System that your local jurisdiction may levy.
 - (iv) The parties intend this Agreement (including all Exhibits) to be a "service contract" within the meaning of Section 7701(e) of the Internal Revenue Code of 1986. The parties acknowledge and agree that for accounting and tax purposes, this Agreement is not and shall not be construed as a lease and, pursuant to Section 7701(e) of the Internal Revenue Code of 1986, this Agreement is and shall be treated by each party as a service contract for the sale electric energy generated by the Solar System. You will not take the position on any tax return or in any other filings suggesting that it is anything other than a purchase of electric energy from the Solar System. No provision of this Agreement shall be construed or represented as creating a partnership, trust, joint venture, fiduciary or any similar relationship between the parties. No

party is authorized to act on behalf of the other Party, and neither shall be considered the agent of the other.

- (v) The Solar System will be an “eligible renewal energy resource” under the Nevada Renewables Portfolio Standard Program.
- (vi) You agree that the Solar System will be used primarily for household and general operating purposes, but not to heat a swimming pool.
- (c) HDM will be responsible for all costs and expenses related to performing HDM's Obligations. You agree that HDM has the authority and discretion to use contractors or agents to perform or assist HDM in performing HDM's Obligations.
- (d) You agree that HDM, at its own expense, will install, maintain, and periodically test a meter at the Property that will measure the amount of electric energy delivered to you from the Solar System in accordance with the terms of this Agreement. You agree not to tamper with, damage or modify the meter or its data connection in any way. You will be responsible for any damage or inaccuracies in the meter that are caused by you or any other person unrelated to HDM who may come onto the Property with your knowledge or permission. Any damage caused to the meter or its data connection by you or any other person unrelated to HDM will immediately and irrevocably cancel HDM's obligations in Section 3 of this Agreement.

3. Performance Guarantee

- (a) HDM estimates that the Solar System will be capable of generating 123,005 kilowatt-hours (kWh) of electric energy during the Initial Term (i.e., the “Prepaid Output”).
- (b) HDM estimates that the Solar System will be capable of generating 6,600 kWh of electric energy during its first year of operation. Actual production may vary due to natural variation in weather patterns, the physical specifications of the Property's roof(s), the required placement of the Solar System on your roof, and other conditions. Please refer to Exhibit A for the annual estimated generation of the Solar System at your Property.
- (c) Subject to the conditions set forth in this Section 3, HDM guarantees that the Solar System will generate at least 33,035 kWh during the six year period following the “System Start Date”, the earlier of ninety (90) days after the date the utility grants permission to operate the Solar System or the date the Solar System is commissioned by HDM, as set forth in Exhibit A (the “Six Year Guaranteed Output”), which is equal to (85%) of the estimated generation of the Solar System during this six year period.
- (d) Within sixty (60) days of the sixth (6th) anniversary of the System Start Date (the “Sixth Anniversary”), HDM will calculate the actual amount of electric energy delivered by the Solar System (“Actual Amount”) as of the Sixth Anniversary. Subject to next paragraph of this Section 3(d) if the Actual Amount as of the Sixth Anniversary is less than the Six Year Guaranteed Output, HDM will issue you, at your option (as your only remedy), either a refund or a credit against the purchase price if you choose to purchase the System. The refund or credit is calculated by subtracting the Actual Amount of electric energy delivered during the period from the Six Year Guaranteed Output, multiplying that result times the PPA Purchase Price per kWh, times the sum of one plus the mid-term Applicable Federal Rate (compounded annually) effective for the month in which the refund or credit is calculated. The Applicable Federal Rate is used to calculate interest due to you. Applicable Federal Rates are published by the Internal Revenue Service monthly. If the Solar System is damaged, destroyed, or stolen and HDM receives insurance proceeds to replace the value of the Solar System, then at its option HDM shall either replace the Solar System or refund you an amount equal to the Prepaid Output less the Actual Amount, multiplying that result times PPA Purchase Price per kWh, times the sum of one percent plus the mid-term Applicable Federal Rate (compounded annually) effective for the month in which the refund is calculated. HDM will not be obligated under any circumstances for special, punitive, or other damages or the increase in cost (if any) of electricity provided by a third party including your electric utility.

Notwithstanding the foregoing, HDM will not issue you a refund or credit for any Solar System underproduction resulting from any system failure or lost production caused by reasons other than (a) a Solar System installation workmanship defect, (b) shading due to natural variation in weather or (c) shading conditions that were present at the Property at the commencement of installation of the Solar System adjusted for anticipated shade

remediation. For the avoidance of doubt, HDM will not issue you a refund or credit for underproduction arising from any of the following:

- i. Underproduction arising from your failure to comply with your obligations under the Agreement;
- ii. Underproduction arising from shading conditions (other than weather) different from those that were present at the Property at the commencement of installation of the Solar System including anticipated shade remediation;
- iii. Underproduction as a result of an electric grid failure disabling the Solar System;
- iv. Underproduction arising from our inability to monitor your system remotely via the internet and to identify and repair, in a timely manner, system underperformance due to delayed access to the system;
- v. Underproduction arising from you causing or requesting the Solar System to be shut down or to generate significantly less electric energy;
- vi. Underproduction arising from damage to the Solar System caused by foreign objects, whether natural or manmade, acting on the Solar System (e.g. ash and debris related to fire, hail, golf balls, dirt, fallen tree branches, leaves etc); and
- vii. Underproduction due to manufacturer's delay to process equipment warranty claim.

HDM makes no other representation, warranty or guarantee of any kind regarding the Solar System's actual or expected electric energy output or performance and any other implied warranties are hereby disclaimed.

- (e) If, as of twenty-fifth anniversary (25th) of the System Start Date, Prepaid Output has not been generated by the Solar System and delivered to you, you may choose (as your only remedy) either to (i) cause the term of this Agreement to continue until such time as the Prepaid Output has been generated or (ii) terminate this Agreement and cause HDM to either issue you (a) a refund or (b) a credit against the purchase price if you choose to purchase the System. If you elect option (ii), the refund or credit will be calculated by subtracting the Actual Amount of electric energy delivered as of twenty-fifth (25th) anniversary of the System Start Date from the Prepaid Output, and multiplying the result by the PPA Purchase Price per kWh times the sum of one plus the midterm Applicable Federal Rate (compounded annually) effective for the month in which the refund or credit is calculated.

4. Design and Installation

- (a) The primary equipment used for the Solar System includes a series of interconnected photovoltaic panels, an inverter, racking materials, and a production meter. Other materials generally used as "balance of system" are disconnects, breakers, load centers, wires, and conduit, among other parts. The design for the Solar System will be presented to you prior to installation. You will have five (5) business days following this presentation to request a change or cancel this Agreement pursuant to Section 5(a). With your written approval, Solar System installation may begin at any time.
- (b) If you wish to change the design or installation process, HDM will use commercially reasonable efforts to accommodate your request (see Section 5 regarding Extra Work and Change Orders). We reserve the right to terminate this agreement if we are not able to reach agreement after fifteen (15) days.
- (c) If an obligation excluded from this Agreement in Section 20 must be performed in order to properly effect the installation of the Solar System, we will promptly give you notice prior to payment by you of the **prepayment amount and you may choose to accept or reject such required work in writing** or by electronic mail (See Section 5 regarding Extra Work and Change Orders). You agree to contract separately, and at your own expense, with a contractor who has been designated or approved by HDM to perform such obligation. In this instance, HDM will not unreasonably withhold such approval.
- (d) HDM will arrange to obtain any permits needed for installation of the Solar System. You agree to cooperate with HDM and assist HDM in obtaining any permits needed, including the NEM Service application in Section 8(a). You agree to complete and return to HDM and/or its representatives, as appropriate, all applicable rebate documentation and, where applicable, Renewable Energy Credit documentation, upon request and following the

System Start Date. If you do not return the rebate or Renewable Energy Credit documentation, HDM may invoice you for the Final Rebate amount (as defined in Section 5(a)(iii)).

- (e) During the Term, you agree to maintain the Property, at your expense, such that the Solar System retains expected shading conditions present at the time of Installation including anticipated shading remediation.
- (f) HDM, its contractors and agents shall, during the construction period, at the end of each business day keep the Property reasonably free from waste materials or rubbish caused by their operations. Prior to the System Start Date, HDM and its agents shall remove all of their tools, construction/installation equipment, machinery, waste materials and rubbish from and around the Property.
- (g) Subject to the exclusions set forth in Section 20, HDM will return your Property to a condition similar to its original condition, provided that you notify HDM in writing or by e-mail of any deficiencies in restoration within five (5) business days of the System Start Date.

5. Changes to the Agreement

Prior to payment by you of the Prepayment Amount, the following conditions may change the expected costs and benefits of this Solar System to both you and HDM:

- (i) Change to the design of your Solar System;
 - (ii) Change in the system's annual energy production estimate, expressed in kilowatt-hours (kWh), provided by the US Department of Energy's National Renewable Energy Laboratory PVWatts Calculator ("PVWatts calculator") or equivalent energy production estimate tool ("Final Year One Production Estimate");
 - (iii) Change in the final rebate amount associated with installing the Solar System ("Final Rebate") or any change in your applicable tariff (including any changes to net metering); and/or
 - (iv) The availability of cellular service at the Property.
- (b) If any of these conditions occur, HDM may choose to modify the terms of this Agreement or cancel the Agreement. HDM may change the design of your Solar System. If HDM chooses to modify the terms, then HDM will notify you in writing and you will have five (5) business days to accept the modified terms or cancel this Agreement. If you do not respond to HDM within five (5) business days, then HDM may deem you to have cancelled the Agreement. Extra work and Change Orders become part of the contract once the Change Order is prepared in writing and signed by the parties prior to the commencement of work covered by the Change Order. In order to be enforceable, the Change Order must describe the scope of the extra work or change and the cost to be added or subtracted from the contract.
- (c) You may choose to accept or reject changes under this Section 5 in writing or by e-mail.
- (d) If for a period of one hundred eighty (180) days HDM fails to perform its obligations required to commence installation of the Solar System and you have fulfilled all of your obligations under this Agreement, then you may cancel this Agreement, as long as your Property was accessible and in a state fully ready to permit the installation of the Solar System. It is your obligation to exercise reasonable efforts to respond to HDM in a timely manner on questions and requests for approvals and/or appointments. If you cause installation of the Solar System to be delayed in excess of thirty (30) days due to your unresponsiveness, then HDM may cancel this Agreement.

6. Warranties

Workmanship Warranty. We warrant our Work and the Solar System for the Initial Term, except as provided below with respect to our roof penetration warranty. During the Initial Term we will, at our expense, repair or replace any material or Work covered under this Agreement. Our “Workmanship Warranty” includes but is not limited to the following:

Roof Penetration Warranty. {\$Account Name} warrants that roof penetrations made by the Solar System and impacting the Property's roof will be weather-tight for a period of 10 years after installation. In addition, {\$Account Name} agrees to either repair or reimburse you for any damage caused to the roof during installation of the Solar System.

Damage Warranty. {\$Account Name} will either repair or reimburse you for damage caused during installation to the Home, your belongings or your property, as limited by Sections 3, 4, 5, 7, 8, 10, 12, 13, and 14.

HDM will maintain and repair the Solar System for the Initial Term and any Renewal Terms

Equipment Warranty. The equipment warranty is a pass-through warranty from each manufacturer. All equipment is warranted for the initial term by the manufacturer. If parts fail during the Initial Term, HDM will use commercially reasonable efforts to replace them with like equipment; however, you acknowledge that due to parts availability and other factors, this may not be possible.

7. Warranty Exceptions and Exclusions

The Roof Penetration Warranty shall be void and voidable if work is performed by you or your contractors on the roof during the 10-year warranty period.

The Roof Penetration Warranty does not cover any (i) leaks that occur in areas of the Home's roof not impacted by the Solar System or the associated roof penetrations, (ii) pre-existing and/or underlying failures of the Home's roof or (iii) foreign objects acting on the Home's roof (e.g. hail, golf balls, etc.).

The Workmanship Warranty does not apply to the following:

Work performed or materials used by anyone other than {\$Account Name} or its contractors and agents;

Any materials that were modified, repaired or attempted to be repaired by anyone other than HDM or its Installation Partners without HDM's prior written approval;

Any damages resulting from your breach of the Agreement;

Any damage not caused by us, our Installation Partners or a Solar System defect;

Damage resulting from ordinary wear and tear;

Damage resulting from mold, fungus and other organic pathogens;

Shrinking/cracking of grout and caulking;

Fading of paints and finishes exposed to sunlight; and

Damage caused by ball strikes

You acknowledge that installation of the Solar System may void any roofing warranty of the roof manufacturer or roof installer. We assume no responsibility if our Work voids your roofing warranty. Before installation, you should check with the roofer or builder concerning any impact the Solar System will have on a roof warranty.

8. Purchase and Sale of Electricity

- (a) As of the System Start Date, you must be taking service from the Standard Net Metering Service or its equivalent (“NEM Service”) from your local utility (“Utility”). You agree that you will continue to take NEM Service for as long as this Agreement is in effect. You agree to use the NEM Service currently in effect for this Utility or, in the event that the NEM Service is no longer in effect, you agree to use a substitute metering program as chosen by HDM.

You agree to execute all documentation associated with NEM Service, or any substitute metering service, and any refund, credit, or rebate program promptly at the request of HDM, its affiliates, and/or the Utility. And you appoint HDM as your limited power of attorney specifically for this reason to execute any such replacement agreements.

- (b) HDM agrees to sell to you, and you agree to purchase from HDM, all electric energy produced by the Solar System. All electric energy produced by the Solar System will be made available to you (or any subsequent owner of the Property) for use at the Property.
- (c) If at any time you need more electric energy than is being produced by the Solar System ("Supplemental Energy"), you will be solely responsible for purchasing that electric energy from another supplier, such as your Utility. During the term of this Agreement you should expect to purchase Supplemental Energy from your Utility. Depending on the terms of your NEM Service, the Utility will bill you either annually or monthly. HDM will not be in default of this Agreement and will not be responsible for any Supplemental Energy you purchase to complement the electric energy produced by the Solar System.
- (d) You agree that title to and risk of loss for the electric energy purchased under this Agreement shall pass from HDM to you at the time when the electric energy reaches the point of interconnection, i.e., at the point where the Solar System connects to the Property's connection to your Utility.
- (e) YOU UNDERSTAND AND AGREE THAT ANY AND ALL FEDERAL TAX CREDITS, DEPRECIATION BENEFITS, INCENTIVES, RENEWABLE ENERGY CREDITS, GREEN TAGS, CARBON OFFSET CREDITS, UTILITY REBATES, OR ANY OTHER NON-ENERGY ATTRIBUTES OF THE SOLAR SYSTEM ARE THE PROPERTY OF AND FOR THE BENEFIT OF HDM, USABLE AT ITS SOLE DISCRETION. HDM SHALL HAVE THE EXCLUSIVE RIGHT TO ENJOY AND USE ALL SUCH BENEFITS, WHETHER SUCH BENEFITS EXIST NOW OR IN THE FUTURE. YOU AGREE TO REASONABLY COOPERATE WITH HDM SO THAT IT MAY CLAIM ANY SUCH BENEFITS FROM THE SOLAR SYSTEM. THIS MAY INCLUDE, TO THE EXTENT ALLOWABLE BY LAW, ENTERING INTO NET METERING AGREEMENTS, INTERCONNECTION AGREEMENTS, AND FILING RENEWABLE ENERGY/CARBON OFFSET CREDIT REGISTRATIONS AND/OR APPLICATIONS FOR REBATES FROM THE FEDERAL, STATE, OR LOCAL GOVERNMENT OR A LOCAL UTILITY AND GIVING THESE TAX CREDITS, RENEWABLE ENERGY/CARBON CREDITS, REBATES, OR OTHER BENEFITS TO HDM. YOUR PRICE AND PAYMENTS REFLECT THESE INCENTIVES.

9. Billing and Payment

- (a) You will pay the amount of the Prepayment Amount to HDM on or prior to the System Start Date. If you are approved for financing from a third-party, then you will use the proceeds from the closing of your financing to make the Prepayment Amount. If you are denied financing by a third-party, then you may pay the Prepayment Amount by money order or a check drawn on a United States bank account or you may terminate this Agreement by providing notice of rescission within three days of learning of the denial of financing.
- (b) During the Additional Term or Second Additional Term, if any, HDM will mail or e-mail you an invoice no later than ten (10) days after the end of each billing cycle. You agree to pay the amount specified in each invoice by the due date specified in such invoice. If HDM does not receive your payment by the due date on the invoice, then HDM may charge you the lesser of an administrative late fee of (i) one and a half (1.5%) percent per month on the portion of your balance that is more than thirty (30) days past due, or (ii) the maximum amount permitted under and subject to applicable law. This late fee is not an interest charge, finance charge, time price differential or other such charge or payment of a similar nature.

10. Purchase of the Solar System

- (a) You have the option to purchase the Solar System when the following events have occurred (each such date, an "Option Date"):
- (i) Within sixty (60) days following the Sixth Anniversary;
 - (ii) Within sixty (60) days following seventy-five percent (75%) of the Prepaid Output has been delivered;
 - (iii) Within sixty (60) days following one hundred percent (100%) of the Prepaid Output has been delivered; and
 - (iv) As early as thirty (30) days prior to selling your Property during the Initial Term;

provided, with respect to clauses (ii), (iii), and (iv), the Option Date may not occur earlier than the Sixth Anniversary.

- (b) No later than fifteen (15) days prior to the Sixth Anniversary and promptly upon its knowledge of the occurrence of any Option Dates listed in Section 10(a), HDM will deliver to you a statement (the "Transfer Notice") specifying the FMV of the Solar System and the projected Remaining Amount as of the Option Date. To purchase the Solar System pursuant to Section 10(a), you must deliver a written notice to HDM of your intent to purchase the Solar System within sixty (60) days of the applicable Option Date and deliver payment to HDM within thirty (30) days of the Transfer Notice.
- (c) If you elect to purchase the Solar System, in accordance with Federal law the purchase price will be equal to the fair market value of the Solar System, as determined at the time ("FMV"). HDM will prepare a valuation of the Solar System to determine the FMV. The valuation will take into account the Solar System's age; location; size; and other market characteristics such as equipment type and equipment operating, maintenance and service costs, value of electricity in your area, and any applicable solar incentives. HDM will credit against the purchase price a dollar value representing that portion of the Prepayment Amount corresponding to Prepaid Output yet to be delivered from the Solar System (the "Remaining Amount"). The Remaining Amount shall be calculated by subtracting the Actual Amount of electric energy delivered as of Option Date from the Prepaid Output, and multiplying the result by the PPA Purchase Price per kWh times the sum of one plus the midterm Applicable Federal Rate (compounded annually) effective for the month in which the refund or credit is calculated. The documents required to effect the transfer of the Solar System pursuant to this Section 10 will be included with Transfer Notice that HDM sends to you.
- (d) If the Remaining Amount is greater than the FMV, you may elect to revoke your note of intent to purchase the Solar System.
- (e) Upon such transfer of the Solar System to you pursuant to this Section 10, this Agreement will automatically terminate including HDM's Obligations to insure, monitor, operate, and maintain the Solar System, all workmanship and equipment manufacturer warranties included with the Solar System will automatically be assigned to you and you will own and be fully responsible for the Solar System.
- (f) Neither your purchase of the Solar System nor any payments you make to HDM will affect your obligations under any financing. You will remain obligated to make all payments under your financing agreement until the related assessment or financing has been paid in full.

11. Administration Fee

- (a) An annual administration fee is required under this Agreement. The first six years of the administration fee are included as part of the Prepayment Amount. If you do not elect to purchase the Solar System pursuant to Section 10(a)(i), an annual administration fee will be billed to you on first day of the month following the Sixth Anniversary and for each 12-month period thereafter until the Solar System is either (1) purchased pursuant to Section 10(a) or (2) the Second Additional Term or Second Easement Period has expired pursuant to Section 13(c). The initial fee will be determined by multiplying the size of the Solar System measured in kW DC by \$48.00. For example, if the size of the Solar System is 6.00 kW DC, the initial annual administration fee would be \$288.00. The fee will be due and fully-earned within sixty (60) days of each anniversary, will be non-refundable and will escalate by two point nine (2.9) percent annually.

12. Sale of Property and Assignment

- (a) If you sell the Property you may assign this Agreement to the new owner, provided that the new owner first agrees in writing to be bound by all of the terms and conditions set forth in this Agreement. Notwithstanding the foregoing, if you sell the Property prior the Sixth Anniversary, you must assign this Agreement to the new owner. Please contact HDM to obtain an assignment agreement. Please note that HDM charges a fee of two hundred fifty dollars (\$250.00) to cover its cost of facilitating the transfer of this Agreement. Whether or not this Agreement is assigned as contemplated in this Section 11(a), the right to receive the electricity from the Solar System, through this Agreement shall automatically be transferred with the title to the Property whether the title is transferred by voluntary sale, judicial or nonjudicial foreclosure, or by any other means. In the event of such a transfer without an assignment of this Agreement you will exercise your best efforts to obtain an assignment of this Agreement to the new owner of the Property as soon as possible.
- (b) Your rights and obligations under this Agreement may be transferred to your heir or heirs (as applicable) in the event of your death.
- (c) After the Sixth Anniversary, within sixty (60) days of entering into a contract to sell the Property, you will have the option to purchase the Solar System in accordance with Section 10.

Within sixty (60) days of the sixth (6th) anniversary of the System Start Date (the "Sixth Anniversary"), HDM will calculate the actual amount of electric energy delivered by the Solar System ("Actual Amount") as of the Sixth Anniversary. If the Actual Amount as of the Sixth Anniversary is less than the Six Year Guaranteed Output, HDM will issue you, at your option (as your only remedy), either a refund or a credit against the purchase price if you choose to purchase the System. The refund or credit is calculated by subtracting the Actual Amount of electric energy delivered during the period from the Six Year Guaranteed Output, multiplying that result times the PPA Purchase Price per kWh, times the sum of one plus the mid-term Applicable Federal Rate (compounded annually) effective for the month in which the refund or credit is calculated. The Applicable Federal Rate is used to calculate interest due to you. Applicable Federal Rates are published by the Internal Revenue Service monthly.

Notwithstanding the foregoing, HDM will not issue you a refund or credit for any Solar System underproduction resulting from any system failure or lost production caused by reasons other than (a) a Solar System installation workmanship defect, (b) shading due to natural variation in weather or (c) shading conditions that were present at the Property at the commencement of installation of the Solar System adjusted for anticipated shade remediation. For the avoidance of doubt, HDM will not issue you a refund or credit for underproduction arising from any of the following:

- Underproduction arising from shading conditions (other than weather) different from those that were present at the Property at the commencement of installation of the Solar System including anticipated shade remediation;
- Underproduction as a result of an electric grid failure disabling the Solar System;
- Underproduction arising from our inability to monitor your system remotely via the internet and to identify and repair, in a timely manner, system underperformance due to delayed access to the system;
- Underproduction arising from you causing or requesting the Solar System to be shut down or to generate significantly less electric energy;
- Underproduction arising from damage to the Solar System caused by foreign objects, whether natural or manmade, acting on the Solar System (e.g. ash and debris related to fire, hail, golf balls, dirt, fallen tree branches, leaves etc); and
- Underproduction due to manufacturer's delay to process equipment warranty claim.
- HDM makes no other representation, warranty or guarantee of any kind regarding the Solar System's actual or expected electric energy output or performance and any other implied warranties are hereby disclaimed.

Roof Warranty: Icon Power LLC warrants that roof penetrations made by the Solar System and impacting the Home's roof will be weather-tight for a period of 10 years after installation. 2. May purchase the Solar System for a purchase price equal to FMV is after the Sixth Anniversary.

Fees:

Administration Fee: An annual administration fee is required under this Agreement. The first six years of the administration fee are included as part of the Prepayment Amount. If you do not elect to purchase the Solar System pursuant to Section 10(a)(i), an annual administration fee will be billed to you on first day of the month following the Sixth Anniversary and for each 12-month period thereafter. The initial fee will be determined by multiplying the size of the Solar System measured in kW DC by \$48.00. For example, if the size of the Solar System is 6.00 kW DC, the initial annual administration fee would be \$288.00. The fee will be due and fully-earned within sixty (60) days of each anniversary, will be non-refundable and will escalate by two point nine (2.9) percent annually.

Agreement Transfer Fee. \$250.00

Fee for Removal of Solar System at the end of the Term: None.

Fee for a notice of removal and retiling pursuant to the Uniform Commercial Code: None.

Fee for connecting to the Internet: None.

Fees for not enrolling in ACH: None.

Filing: We intend to file a financing statement to notify third parties of our ownership interest in the Solar System and that the Solar System is personal property and not a fixture.

Savings Estimates: HDM does not guarantee savings on the electricity payments and will not provide a written cost savings estimate to you. However, you may receive a written cost savings estimate from the Salesperson, in their capacity as an independent solar retailer, when you sign a solar installation agreement with the sales person. When calculating savings, know that UTILITY RATES MAY GO UP OR DOWN AND ACTUAL SAVINGS, IF ANY, MAY VARY. HISTORICAL DATA ARE NOT NECESSARILY REPRESENTATIVE OF FUTURE

RESULTS. FOR FURTHER INFORMATION REGARDING RATES, CONTACT YOUR LOCAL UTILITY OR THE STATE PUBLIC SERVICE COMMISSION.

Portfolio Energy Credits: HDM will retain any Portfolio Energy Credits produced by the Solar System.

EXHIBIT C(2).**LEGAL NOTICES
MECHANICS' AND MATERIALMEN'S LIEN WARNING**

(Nevada Revised Statute §§ 624.600(3)(b) and 624.875(h) and Nevada Administrative Code § 624.693)

NOTICE TO OWNER

Pursuant to NRS 108.221 to 108.246, inclusive, a contractor, subcontractor, laborer, supplier of materials or other person or entity who:

(1) Performs work or furnishes materials of the value of \$500.00 or more to improve the value of your property; and

(2) Is not paid for the work or materials,

has a right to place a lien on your property on which the work was performed and to sue you in court to obtain payment.

This means that after a court hearing, your property could be sold by an officer of the court and the proceeds of the sale used to satisfy the amount you owe. If you did not ask for and receive releases of liens from the contractors' subcontractors, laborers or suppliers of materials, a lien may be placed on your property or you may be sued even if you have paid your contractor in full.

To preserve their right to file a claim or lien against your property, certain claimants, such as subcontractors, laborers and suppliers of materials, are each required to provide you with a document called a "preliminary or pre-lien notice." A preliminary or pre-lien notice is not a lien against your property. Its purpose is to notify you regarding persons or entities who may have a right to file a lien or claim against your property if they are not paid. To perfect their lien rights, contractors, subcontractors, laborers and suppliers of materials must file mechanics' liens with the county recorder, which then become recorded liens against your property. Generally, the maximum time allowed for filing a mechanics' lien against your property is 90 days after substantial completion of your project.

TO ENSURE EXTRA PROTECTION FOR YOURSELF AND YOUR PROPERTY, YOU MAY WISH TO TAKE ONE OR MORE OF THE FOLLOWING STEPS:

(1) Request that your contractor supply you with a payment and performance bond, which guarantees completion of your project and payment of the subcontractors, laborers and suppliers of materials who work on the project. This payment and performance bond is different from the surety bond that a contractor must file for licensure pursuant to NRS 624.270. A payment and performance bond provides that if the contractor does not complete the project, the bonding company will pay damages up to the amount of the bond. This payment and performance bond, as well as a copy of the construction contract, should be filed with the county recorder for your further protection. There is a fee for a payment and performance bond. This fee is usually equal to between 1 and 6 percent of the amount of the contract, depending on the ability of the contractor to be bonded.

(2) **Require that payments be made directly to subcontractors, laborers and suppliers of materials through a mechanism that controls payment for construction.** In the area in which you live, services to control the funding of your project may be available, for a fee, to control payment of your contractor by the use of vouchers or other means. These services may also provide you with waivers of liens and other forms of protection.

(3) **Issue joint checks for payment**, made payable to both your contractor and the subcontractors, laborers and suppliers of materials who were involved in the project or portion of the project for which payment is due and who sent a preliminary or pre-lien notice to you. Those persons or entities have indicated that they may have the right to place a lien on your property, and **therefore you need to protect yourself**. Making checks jointly payable will help to ensure that all persons due payment are actually paid.

(4) **Require your contractor to provide you with unconditional "waiver and release" (lien release) forms** so that when you make a payment on any completed phase of your project, each subcontractor, laborer and supplier of materials involved in that portion of the work for which the payment was made can sign the waiver and release forms. This protects you from liability to them for work for which they have already been paid.

- Some stationery stores sell waiver and release forms if your contractor does not have them. The subcontractors, laborers and suppliers of materials from whom you obtain releases should be those persons or entities who have filed preliminary or pre-lien notices with you. If you are not certain which subcontractors, laborers and suppliers of materials are working on your project, you may obtain a list from your contractor. In regard to projects involving improvements to a single-family residence or a duplex owned by an individual, the persons signing these releases lose their right to file a mechanics' lien against your property. In regard to other types of projects, obtaining such releases may still be important, but may not provide complete protection.
- **To protect yourself by use of a waiver and release form, you must be certain that all subcontractors, laborers and suppliers of materials who work on your project sign a waiver and release form.** If a mechanics' lien has already been filed against your property, in most cases the lien can only be released voluntarily by a recorded **"release of mechanics' lien,"** which is signed by the person or entity that filed the mechanics' lien against your property. However, if the person or entity that filed the lien fails to bring an action to enforce the lien in a timely manner, the lien may be removed without voluntary action on the part of that person or entity. You should not make final payment on your project until all mechanics' liens that are filed against your property have been removed.

TO PROTECT YOURSELF FULLY, YOU SHOULD CONSULT AN ATTORNEY:

- (1) BEFORE YOU SIGN A CONSTRUCTION CONTRACT; OR**
- (2) IF A LIEN IS FILED AGAINST YOUR PROPERTY.**

The law of this State requires that a person or entity who enters into a contract to perform construction work be properly licensed by the State Contractors' Board for the category of work that the person or entity intends to perform. Laws regulating licensed contractors are designed to protect the public. If you contract with a person or entity who is not licensed to perform construction work, your remedies against that person or entity may be limited to a suit in civil court. You may be liable for damages arising out of any injuries to an unlicensed contractor or that contractor's employees, as well as withholding taxes, contributions pursuant to the Federal Insurance Contributions Act and contributions for industrial insurance and unemployment compensation. Finally, you should be aware that construction performed on your property must comply with all applicable laws, ordinances, building codes and regulations.

A contractor is required to include the contractor's license number on all of his or her advertising, vehicles, bids and contracts. You may contact the State Contractors' Board to find out if a contractor has a valid license and, if so, the status of that license and the status of any disciplinary action by visiting the website of the Board at <http://www.nvcontractorsboard.com> or calling the Board at one of the telephone numbers listed above.
